Job Title: **Systems Programmer / Analyst**

Location: Guelph, Ontario

About Us: RinkNet is a growing company in the business of developing and maintaining hockey scouting systems. We have developed and maintain scouting databases for 29 National Hockey League teams plus 65 Junior and NCAA clubs, Hockey Canada, U.S.A. Hockey as well as European professional teams.

Over 2,000 managers, coaches and scouts use our software on a daily basis. We have been in business for 12 years and have 20 full time employees in our Guelph offices. For more information on us please visit <http://www.rinknet.com>.

The Position: In this position, you will work in a team environment with two other programmers to develop on-line and desktop software for our database applications. You will be responsible for creating new components as well as adding functionality to existing ones. We are looking to hire a candidate who will be dedicated, creative and efficient in managing this position.

We expect our applications to be both functional and easy to use. We are looking for someone with great attention to detail and who takes pride in their work. The software you create will be used by many scouts and players all over the world and we want someone who enjoys seeing the fruits of their labour and enjoys their craft. We will have specific jobs with deadlines to meet but also want someone who gives their own input and ideas to create a better product in the end.

Compensation: An hourly wage based on the position being offered as well as the candidate's education and related experience. The company also offers a full employee benefit package including health care and other benefits.

Requirements:**Education:**

College Diploma or University Degree in Computer Programming or equivalent education and/or experience.

Technical Skills:

We require an excellent working knowledge in multi-tier client server architecture.

As well as being able to work with several Microsoft technologies including Visual Studio, SQL Server, Windows Server, IIS, ASP, C#, HTML, XAML, Java, Java Script, SilverLight, Web Services, Reporting Services, Blackberry and I-Phone apps..

Other Skills:

A qualified candidate will be able to work efficiently independently and in small groups. They must also be a quick learner, able to multitask, work in teams, be trainable and motivated. An interest in hockey is also an asset.

Type of position: Permanent, full time (37.5 hours per week)

To Apply: Send your complete resume to:

Lindsay McDonald

E-Mail: Jobs@RinkNet.com

Fax: (519) 836-6703

We appreciate your interest in this position. All applications will be considered however only candidates receiving an interview will be contacted.
